The meeting unanimously agreed that the wall and kissing gate needs to be reinstated first. Further work to the walls will be completed throughout the year depending on cost. The low branches need to be removed but the 3 trees will be taken down next year due to cost. The Clerk is to send a letter to the Parochial Church Council informing them that the Parish Council would like their decision by the 1st May 2017 regarding the wall and kissing gate. If it is to be reinstated the Parish Council will cover cost, however if they would like it to be removed and widened the PCC will have to contribute to the cost as this is not maintenance. The Parish Council paid for the removal of the Ash tree and cutting back of the trees near the church at a cost of £2500 and the continued grass cutting of the churchyard. A letter of thanks has been received from St Germain Church Winestead for the grass cutting that the Parish Council provides.
